Zimbabwe

New multi-purpose building project to
improve the quality of life of children
with HIV

Congratu-
lations! Very cool.
What a won-
derful and no-
ble gesture.

How exciting
that the dona-
tion will go di-
rectly to help
the children

In 1994 the first
children arrived,
now there are al-
most 200 includ-
ing over 92 under
5 years old.
